

Federation of Houston Professional Women (FHPW) - 2009

The FHPW held their first quarterly meeting on January 26, 2009. The newly elected President Pat Davion called the meeting to order. Pat discussed her vision for the upcoming year and introduced the other Board of Directors. Each Board Director introduced their committee members and discussed plans for the upcoming year. Our very own Dyane Magliolo is on the Education Board and Melanie Brown volunteered to participate on the Awards Gala Committee for Woman of Excellence.

The program for the evening was "How FHPW Has Helped Members Reach Their Goals as Professional Women" The guest speakers were Kay King, Kim McCully and Vicky Reynolds. Each of these wonderful women, with very different backgrounds, shared their unique FHPW journey with the audience. The inspiring stories reminded members and guests of the true power in working together.

If you interested in becoming involved with the Federation there are many volunteer opportunities available and the FHPW welcomes your assistance. To find out more specifics on the areas needing volunteers, visit
